## SUMMARY OF QUALIFICATIONS

- 2 years of experience creating applications in Java
- Developed strong communication skills developed in Speech and Communication
- Honed leadership and organizational skills through volunteer experience at community events

---

## EDUCATION

University of Waterloo	Waterloo, ON	September 2015 – Present
<ul style="list-style-type: none"><li>• Bachelor of Computer Science (Honours)</li><li>• Related Courses: Object-Oriented Software Development, Elementary Algorithm Design and Data Abstraction, Logic and Computation, Designing Functional Programs</li></ul>		

---

## TECHNICAL EXPERIENCE

### Projects

- **Minesweeper:** Built with Java. Made a Minesweeper game to illustrate concepts of recursion learned through Functional Programming. Used Swing and AWT to create GUI for the project. Incorporates array lists and multi-dimensional arrays to store and manipulate data.
- **Personal Website:** Built with HTML, CSS and Javascript. Used Bootstrap framework to create a website (mobile-compatible) to share my contact information and to distribute my resume.
- **CourseSpace:** Built with Racket. Uses Waterloo API to display a list of lists to reveal number of free spots for a given course.
- **WatPark:** Built with Racket. Uses Waterloo API to reveal the number of currently available parking spots for a given lot.
- **Waterloo Temperature Checker:** Built with Racket. Uses Waterloo API to obtain and display current temperatures at the university.
- **Loan Management Application (in progress):** Built with Java. Uses serialization and array lists to display a list of loans given out by users, which are then sorted by date.

---

## VOLUNTEER EXPERIENCE

Taste of Lawrence Festival	Toronto, ON	July 2014
<ul style="list-style-type: none"><li>• Led a group of volunteers to close-off an intersection and provide festival information to visitors.</li></ul>		

---

## AWARDS AND SCHOLARSHIPS

- **President's Scholarship of Distinction:** Received highest tier of entrance scholarship (\$3500 in total) for achieving greater than 95% average in high school
- **Senator O'Connor Computer Science Award:** Received for achieving the highest mark in Computer Science at my high school (99%)

---

## LANGUAGES AND TECHNOLOGIES

- C; C++; Java; Racket; HTML; CSS; JavaScript
